2018 STUDENT DIARY REQUIREMENTS

In 2018 the college will be implementing the compulsory use of diaries across all year groups.

The college sees the diary as a key learning tool for our students to know how to use and take control of their own learning through basic principles of organisation, recording their HOME LEARNING and planning for upcoming tasks and examinations.

Students will be responsible for maintaining their diary, which will be supported by the student’s Home Room teacher, House Coordinator/Year Advisor, Leaders of Learning and classroom teachers. Home Room teachers will regularly check student diaries to ensure they are being used effectively to support the student’s home learning.

The diary will have many benefits in assisting students to achieve their best possible academic outcome, as well as to assist with their emotional wellbeing by deterring stress and other related anxieties of being overwhelmed by workload.
