Welcome to Chev!

Open Day 2023

- 1 Check in**
Welcome to Chevalier College Open Day 2023!
- 2 Past Students**
Come and be immersed in the rich history of the College. Every student who has attended the College in the past 78 years has an entry in the 'Big Book'; see if you can find someone you know.
- 3 Wilderness**
Wilderness is an outdoor education-based elective subject offered in Years 9 to 12. Students travel to beautiful wilderness areas taking part in different outdoor activities, with a focus on personal development and growth, life skills and resilience.
- 4 Riversdale Chapel**
The beautiful Riversdale Chapel was designed by the architect John Horbury Hunt in the 1880s and originally formed part of the manor house that stood on these grounds.
- 5 Trade Skills Centre**
The Chevalier College Highlands Trade Skills Centre provides a contemporary learning space for Construction and Primary Industries.
- 6 Agriculture and Cattle Show**
10.00am-12.00pm Come and see the ever-popular Cattle Show. This professionally-run event showcases our extracurricular Show Team, who care for and then present the animals at many agricultural shows including the Royal Easter Show. Our onsite working farm is also home to sheep, alpacas and chickens, as well as a bountiful vegetable garden.
- 7 STEM**
Science, Technology, Engineering and Mathematics (STEM) are essential areas of study that foster students' skills and prepare them to participate in a rapidly changing world.
- 8 Visual Arts**
As well as offering Visual Arts as a curriculum subject, our Visual Arts Enrichment Program mentors our most talented young artists and takes them beyond the standard curriculum.
- 9 Science**
Explore our Science classrooms and experience some of the hands on activities that form part of the dynamic and inspiring curriculum.
- 10 Japanese**
Japanese is a very popular elective subject in Years 9 to 12, and students have the opportunity to travel to Japan as part of our long-standing reciprocal relationship with Murasaki High School.
- 11 Sacré Coeur Performing Arts Centre**
The Sacré Coeur Centre includes our professional working theatre with spacious backstage areas, sizeable green room and rehearsal spaces, as well as individual and communal practice rooms and dedicated dance and drama studios. Considerable investment was made in the acoustics of the performance and rehearsal spaces and many local and overseas artists hire these facilities for concert performances and lectures.
- 12 Maths**
Visit the Maths classrooms to get a feel for the learning environment and how individual students can access their full potential. Our core Maths curriculum is also enriched by 'Pi Shop', where students can prepare for assessment tasks, seek support or simply network with other mathematicians.
- 13 Religious Education**
RE forms part of the core curriculum from Year 7 through to Year 12. Students gain an understanding of the role that religion plays in society, and how today's global population is interconnected by human faith. Visit the vibrant and dynamic classrooms for an appreciation of the students' learning experience.
- 14 Jules Café and Hospitality**
Students studying hospitality have access to specialist facilities, including state-of-the-art domestic and commercial kitchens and a full-service, student-run teaching café, Jules Café, where students can work towards their Certificate III.
- 15 Library**
Located at the heart of the campus and designed over three levels, the library is a bright, flexible learning space offering an extensive collection of print and digital resources chosen specifically to support the curriculum and foster a love of reading. Our English and HSE learning areas are on display here for Open Day.
- 16 Diverse Learning**
Meet our friendly team in the Library and hear how we support students with a wide range of diverse learning needs.
- 17 Chev Gym**
Our strength and conditioning gym provides a training space for our athletes.
- 18 Mountain Bike Track**
11.45am. Join us for the official opening of our new mountain bike track with berms and jumps!
- Principal Talk in John Fahey Centre**
11.00am in the John Fahey Centre. Come and meet our Principal Greg Miller and hear all about who we are.
